

The Jefferson County Landmarks Commission met at Miss Stanley's home on June 30th, at 9:30 a.m. Those present were Miss Stanley, Mrs. Riley, Dr. Washington, Capt. Schley, and Mr. Franzen.

The group made an inspection of the E.M. Whiting home on Old Cave Road. Most of the fabric dates to the first part of the Nineteenth Century. It appeared possible that the spring house antedated the main house by a good many years.

Next visited was the George Washington Masonic Cave. This hallowed masonic site is reputed to be where George Washington presided over Masonic Lodge sessions.
